

Kerr 4-H Wild Game Dinner

The Kerr 4-H averages 375 youth members each year and with Kerr 4-H being a non-profit organization funding to support the youth is limited. Many families in our community are financially limited with no extra funds to participate in 4-H. We don't want finances to be the reason for youth not to participate, so Kerr 4-H tries to take as much of the financial burden off the families as possible. In order to continue doing this, we have to reach out to our community for help. The Wild Game Dinner is a long standing event with all proceeds going to Kerr 4-H. These proceeds go directly into funding Kerr 4-H youth events, activities, and programs to help educate and teach skills to youth for the future.

Kerr 4-H Wild Game Dinner

First Weekend of October
